Africa Amini Secondary School in Sustainable Tourism

INTERNSHIPS

Hands-on experience is a curriculum requirement, and each student must complete an average of 5 weeks' internship per year in order to graduate.

Our students come from underprivileged backgrounds, and have had little to no exposure to the industry they are training for. So, introducing them by immersion is invaluable.

SELECTION PROCESS

Though we have 40 students, we selected only those who we felt were ready. Additionally, students below the age of 14 were discounted on labour law grounds.

THE RESULT?

27 students were hosted by 7 different companies for the month of August - and it was a wonderful success.

We are immeasurably grateful to those who took on the challenge of mentoring young learners in the midst of a busy high season - thank you!

Thanks to our amazing
hosts

What did the rest get up to?

The students who didn't go on internships kept busy too. They enjoyed comprehensive German lessons, which will be a part of the school henceforth.

We are proud to have entered into a partnership with the Austrian ministry: we are now among the NGOs that young Austrians can fulfil their alternative military service with.

So, we look forward to the permanent presence of German-speaking volunteers who can provide tuition to our students.

Looking ahead...

DECEMBER INTERNSHIPS

We are preparing for internships over the December school holidays, and a number of new partners have expressed interest in hosting.

2023 AASSIST INTAKE

In early September, we selected the next 40 students who will be joining the Africa Amini Secondary School in Sustainable Tourism, bringing our numbers up to 80.

2023 INTERNSHIPS

With 80 students in school, we will be looking for double the number of internship opportunities, and are excited to expand our network of partners to accommodate our growth.

Lunch Under the Tree

We are outside Arusha National Park's Momella Gate. Game drive through the park, have lunch at the school - and we will organise your re-entry at no extra cost

Over 420 lunches... and counting!

The students prepare and serve a delicious three-course meal under the Africa Amini tree.

We have served over 420 Lunches Under the Tree!

Special thanks to Wilkinson Tours who have built this into their Arusha National Park day tour, for all guests.

Thank you

Africa Amini Homes

We repurposed our original Healing Centre, making three homes to accommodate guests.

Located near our school, guests are hosted by future hospitality stars in the making: our very own students.

Meals are served in our restaurant under the Africa Amini tree, and each stay supports Africa Amini Alama projects – not to mention the education and experience of your hosts.

Get involved!

HOST INTERNSHIPS

Let our students join your camp and lodge crews for a month of intensive work experience, giving them the opportunity to put their knowledge into practice and learn from the best.

SEND GUESTS FOR LUNCH UNDER THE TREE

By sending your clients to enjoy lunch under the Africa Amini tree, you are supporting our students by providing valuable experience in catering for and hosting guests.

SEND GUESTS TO AFRICA AMINI HOMES

Your clients will enjoy a stay hosted by our students in the heart of the Africa Amini projects - and our students will gain hands-on experience, taking their lessons from theory to action.

SHARE YOUR KNOWLEDGE

Pick a topic and give a Saturday morning seminar to our students! Follow this with Lunch Under the Tree, a site inspection of Africa Amini Homes and Africa Amini Hillside Retreat, and finish up with a complimentary night at our Original Maasai Lodge.

Become a partner

Since its inception, our school has been a collaborative engagement with tourism partners and stakeholders.

We aim to build a symbiotic community of support and mutual learning.
